Greenergy
Grand Falls

Our Grand Falls fuel terminal offers reliable, competitively priced fuel supply to the Atlantic market.

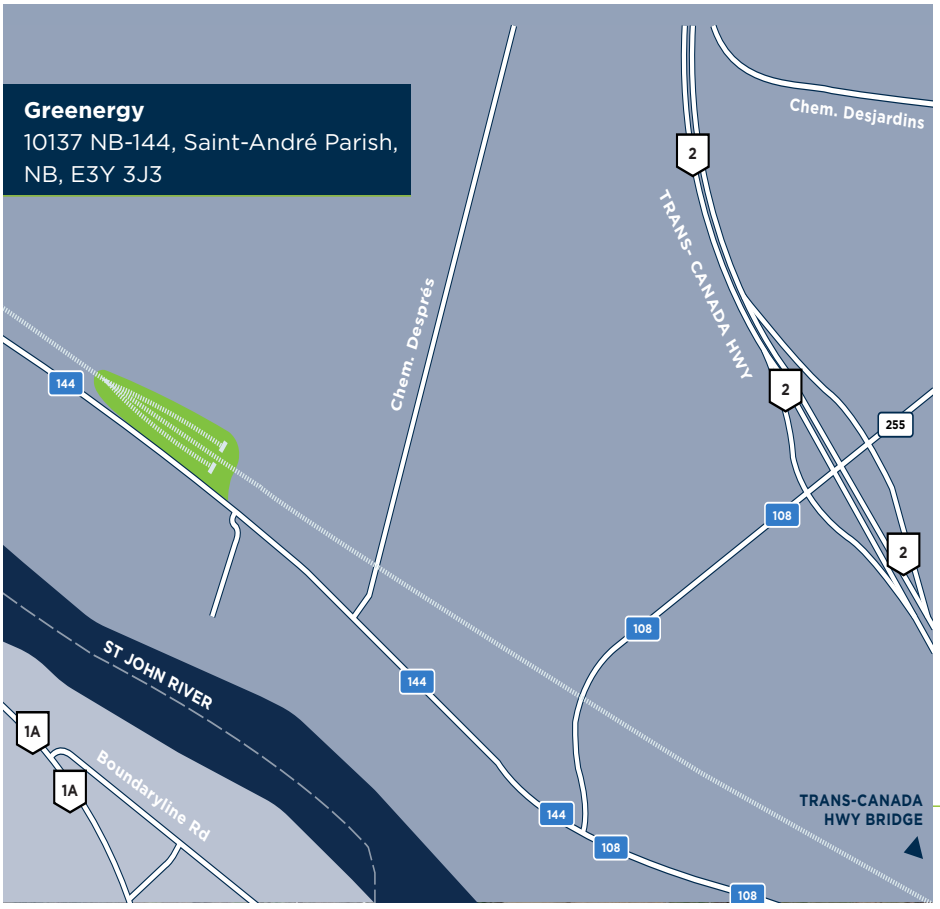
About us

In business for over 30 years, Greenergy is an international fuel supplier and manufacturer of waste-based biodiesel, our unique global supply chain and terminal network enables us to source and supply fuels from multiple sources, minimizing any dependence on specific refiners.

Superior supply reliability for our customers.

We will make every effort to provide you with the best combination of price and service and work to meet the specific needs of your operation.

In 2026, we commissioned our Grand Falls terminal in partnership with AD Gagnon and the Canadian National Railway. Our rail fed terminal provides a seamless driver experience and efficient invoicing process for its customers.



Quality fuels offered

Our Grand Falls terminal offers truck loading capabilities for the following quality fuels:

» Diesel (ULSD) clear and dyed

All Greenergy fuels go through effective quality processes and procedures.

Our fuel is tested by independent third-party labs to confirm its quality standards.

Safety

Safety underpins everything we do. We create safe working environments by continually working to identify, assess and mitigate the risks associated with our operations. We encourage and empower every individual working across the business to observe and report hazards, near misses or unwanted events without fear of blame.
