

# Operator

London

Greenergy supplies road fuel to customers in the UK and Canada. Established in 1992, we have grown to become a Fortune 500 global business and the second largest privately-owned company in the UK. We operate globally with offices in Canada, the USA, Brazil and Dubai and source fuels from around the world, receiving over 700 shipments annually. To deliver fuel to our customers, we also have an in-house haulage operation employing over 250 drivers.

We are looking to recruit an Operator to work within the Operations team. This position will be responsible for planning, managing and controlling the operational aspects of shipping and operations relating to purchase, blending requirements and sale contracts for the Company. The role will involve working closely with all members of the Operations & Trading team to identify opportunities to improve supply costs.

## Key activities in the role will include:

- » Responsibility for stock management and blending of into UK terminals
- » Ensuring that detailed and accurate blending instructions are sent to the lab and terminal
- » Liaison with terminals re tankage, stocks, blending requirements
- » Responsible for inspection, documentary instructions, discharge and blending instructions relating on all shipping voyages
- » Close liaison with commercial department and traders on liftings and future nominations.
- » Assisting with chartering vessels
- » Liaison with traders and risk management on cargo tolerances
- » Management reporting on vessel movements, tank utilisation
- » Dealing with and overseeing the performance of vessel operations, supplier and terminal nomination.
- » Monitoring, controlling and reporting the cargo, demurrage and associated costs in line with stock risk management.
- » Commenting on purchase and sales contracts in close liaison with contracts, treasury and demurrage department
- » This is an intensive role which requires a commitment to be available outside of normal working-hours.

## Person Specification

- » Willingness to work in a demanding environment
- » Highly motivated
- » Hard working,
- » Reliable
- » Cooperative team player who is willing to go the extra mile to help others.
- » Proficient in negotiating and problem solving
- » Good communicator, especially on the telephone
- » Strong analytical skills and a good eye for detail
- » IT literacy, in particular Microsoft Office applications: Excel to be able to produce spreadsheets and use formulas and Word to be able to produce basic tables, letters and faxes
- » Good understanding of the oil industry.
