

Terminal Operator

Thunder Bay, Ontario, Canada

Greenenergy Fuels Canada is an independent fuel supplier with operations throughout Canada. Greenenergy trades in physical refined products as well as renewable fuels.

Greenenergy's Wascan Terminal requires additional support within its Operations Team. This is an exciting opportunity for the successful candidate to progress their career within a high growth and dynamic international energy company.

Greenenergy Wascan Terminal requires a Terminal Operator to perform safe operational duties in accordance with local legislation and internal operating standards.

Main job purpose:

- » Safe handling of bulk petroleum fuels
- » Operation of rail mover to position railcars for offloading
- » Unloading of railcars/trucks into storage tanks and delivery of product to loading rack
- » Communication of terminal operations and reportable incidents to broader group
- » General maintenance of terminal equipment
- » Safety oversight of drivers and other stake holders operating on terminal grounds
- » Operation of terminal automation system
- » Coordinating and scheduling rail movements with rail service provider
- » Testing of products on receipt for quality control and maintenance of related records

Skills / attributes

Experience:

- » Secondary level educated or equivalent experience
- » Previous experience working in industrial and/or rail environment would be considered an asset
- » Experience within the Oil & Gas Industry would be considered an asset
- » Experience working within a team framework
- » Mechanical/electrical experience working pumps and motors would be considered an asset

Skills:

- » Good interpersonal skills to deal with drivers, management and regulatory officials
- » Able to communicate effectively to external and internal stakeholders
- » Able to work in a physically demanding role in all weather conditions
- » Must be physically able to operate rail mover and fork lift
- » Proactive worker – does things before being forced to by events.
- » Actively seeks out know-how and best practice, related to own area of contribution.
- » Exhibits a drive to learn more about the business and industry

Hours of employment

Monday through Sunday: to be determined by Terminal Manager. The role may require evenings and weekends work. The successful candidate will share on-call responsibilities and be required to be able on site in short turnaround if necessary due to off hour operational issues.

If you are interested in joining the Greenenergy team, please submit a current CV along with a cover letter highlighting how you meet the competencies we are looking for and detailing your previous experience to: molly.obrien@greenenergy.com

Your cover letter along with your CV will be used to assess your application, therefore applications without a covering letter will not be considered.

Please note, due to the volume of applications we regret to advise you that we are unable to respond to candidates who are not shortlisted for interview.

If you should have any queries regarding this position please call Molly O'Brien 1-506-349-4183
