

Greenergy Johnstown

Our Johnstown fuel terminal provides reliable, competitively priced, local fuel supply to Eastern Ontario.

About us

In business for over 30 years, Greenergy is an international fuel supplier with global supply chains and access to strategic infrastructure, supporting commercial, wholesale and retail customers.

Since entering the Canadian market in 2013, Greenergy has expanded its supply infrastructure with a focus on bringing quality, reliable, low-cost fuels close to its customers.

Superior supply reliability for our customers.

We will make every effort to provide you with the best combination of price and service and work to meet the specific needs of your operation.

In 2020, we commissioned our Johnstown terminal in partnership with Canadian Rail Equipment Work & Services Inc. (CREWS). Our rail and truck fed terminal provides a seamless driver experience and efficient invoicing process for its customers..

Quality fuels offered

Our Johnstown terminal offers 24/7 truck loading capabilities for the following quality fuels:

- » Regular Gasoline (RUL)
- » Premium gasoline (PUL, EPUL)
- » Diesel (ULSD) clear and dyed
- » Ultra-low sulfur furnace oil (ULSFO)
- » TOP TIER™ detergent gasoline approved fuels
- » Denatured Ethanol
- » Gasoline Blend Stock (CBOB).

All Greenergy fuels go through effective quality processes and procedures.

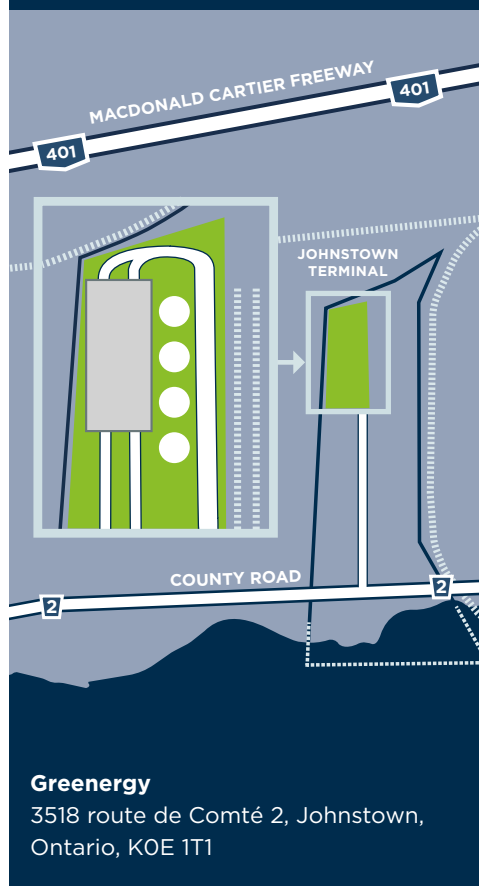

Our fuel is tested by independent third-party labs to confirm its quality standards.

Safety

Safety underpins everything we do. We create safe working environments by continually working to identify, assess and mitigate the risks associated with our operations.

We encourage and empower every individual working across the business to observe and report hazards, near misses or unwanted events, however small, without fear of blame.

Conveniently located, the terminal is within the CREWS rail yard, South of the 401 and a short five minute drive from its nearest exit.
